## Error "File not found in procedure launchConverting" when using the viflow Add-In "Transform Graphic" (KB10356)

Sebastian Eich - 2018-08-06 - in Application

When using the viflow Add-In "Transform Graphic" the error message "File not found in procedure launchConverting" appears

The function is then not executed.

### **Solution:**

The problem occurs when an old version of Visio 2013 is used.

For the solution, all missing updates for Visio 2013 must be installed, at least version 15.0.4937 or higher.
